*Review Highlights* - "For anniversaries that end in zero", this New French "destination" is still Brewster's reigning "champ", earning "superlatives all around" from self-styled "sophisticates" who celebrate its "seasoned" chef-owner's "high-flying" prix fixe menu along with the "perfect wines" fetched by "exceptional" servers from the "extensive" cellar - all on the "exquisite" premises of a "quaint inn"
